- ❖ Have you or your friends purchased expensive underwater photo gear and have no opportunity to work with the new gear so you can only try it out on a **\$10,000 liveaboard dive trip?**
- ❖ Have you ever wanted to just improve your underwater photo skills in a real world environment?

- ❖ **Now is your chance to learn everything** you wanted to know about shooting underwater in an 11 foot 85 degree pool specifically designed as an underwater photo studio. Got that new housing you are dying to try, new strobes, new camera?? We can help you.
- ❖ How about that **point and shoot system**? We can do that.
- ❖ **Want to improve your macro skills?** or you **wide angle skills**? Can't get that great shot of the diver in blue water and big sea fan up close. Let us teach you right in the water.

- ❖ **Shoot macro with our fresh water seahorses, or people with our fresh tone mannequins, or wide angle with our large green sea turtle. If you can shoot it we have it.**

**Sea Horses for Macro
Manniquens for People Shots**

**Green Sea Turtle
our wide angle subject**
